

سيرة ذاتية (C.V)

● المعلومات الشخصية

- الاسم: لمى الهوشي
- العنوان: اللاذقية- جامعة تشرين- كلية الصيدلة
- البريد الإلكتروني: lamaalhaushey@yahoo.fr
- الهاتف المحمول: 0964513017

● المؤهلات والشهادات العلمية

- 2008 : درجة الدكتوراه في الصيدلة الصناعية (جامعة Claude Bernard Lyon 1), ليون, فرنسا
PhD Industrial Pharmacy, University Claude Bernard Lyon1 , Lyon, France
- 2004-2003 : Master (DEA) *Ingénierie Médicale et Biologique* (IMB), University :
Claude Bernard Lyon1, Lyon, France
- 2003-2002 : دبلوم ميثريز في العلوم البيولوجية والطبية (MSBM), University Claude Bernard Lyon1, Lyon, France
- 1998 : إجازة في الصيدلة والكيمياء الصيدلانية- جامعة تشرين
Diploma in Pharmacy and Pharmaceutical Chemistry, Faculty of Pharmacy,
Tishreen University, Lattakia

● الخبرات الإدارية

- 2018-2017 : نائب عميد كلية الصيدلة للشؤون العلمية-جامعة تشرين
- 2015-2017 : نائب عميد كلية الصيدلة للشؤون الإدارية -جامعة تشرين
- 2010-2011 : نائب عميد كلية الصيدلة للشؤون الإدارية -جامعة تشرين
- 2001-1999 : رئيس دائرة المبيعات -فارمكس

● النشر والأعمال العلمية

- 1- **AL HAUSHEY Lama.** Modification of lidocaine transdermal penetration by two strategies: microencapsulation and menthol addition to carbopol gels. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 41, No: 4, 2019.
- 2- **AL HAUSHEY Lama.** Evaluation of bioactivity of urease microencapsulated by double emulsion –solvent evaporation method: effect of some formulation and process parameters. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 41, No: 1, 2019.
- 3- **AL HAUSHEY Lama.** Study of factors influencing microencapsulation of urease (a model protein) by screening design. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 40, No: 4, 2018.
- 4- **AL HAUSHEY Lama.** A comparative study of caffeine release from carbopol gels and emulgels. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 37, No: 4, 2015.

- 5- **AL HAUSHEY Lama.** Effect of various factors on spreadability and release properties of caffeine from carbopol gels. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 37, No: 4, 2015.
- 6- MOUSSA Nathalie, **AL HAUSHEY Lama.** Contribution to improve the stability of vitamin C in dermal preparations. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 35, No: 1, p. 129-146 , 2013.
- 7- Ranim Al-Rouhayyah, **AL HAUSHEY Lama.** Study of the effect of disintegrant, lubricant and the preparing method on the properties of Cinnarizine Prolonged Release Matrix Tablets. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 35, No: 1, p. 113-128, 2013.
- 8- **AL HAUSHEY Lama,** MADANI Faten. A study of factors influencing the release of caffeine from new pharmaceutical dosage forms (microparticles). *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 34, No:3, p.137-148, 2012.
- 9- AHMAD Sawsan, **AL HAUSHEY Lama,** MADANI Faten. Preparing of Alginate Microspheres containing Amoxicilline using emulsification/external gelation method. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 34, No:2, p. 187-200, 2012.
- 10- HAMMOUD Dalida, **AL HAUSHEY Lama,** HAMMAD Tamim. Investigation Various Formulae to improve the Release Rate of Ketoprofen from Dermal Pharmaceutical Forms. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 33, No:5, p. 63-74, 2011.
- 11- **AL HAUSHEY Lama,** BOLZINGER Marie-Alexandrine, FESSI Hatem, BRIANÇON Stephanie. rhEGF microsphere formulation and *in vitro* skin evaluation. *Journal of Microencapsulation*, Vol 27, No: 1, p. 14-24, 2010.
- 12- **AL HAUSHEY Lama,** BOLZINGER Marie-Alexandrine, BORDES Claire, Jean-Yves GAUVRIT, BRIANÇON Stephanie. Improvement of a bovine serum albumin microencapsulation process by screening design. *International Journal of Pharmaceutics*, Vol 344, p.16-25, 2007.

Personal information

Nom: AL HAUSHEY Lama

Adresse: Latakia- Tishreen University- Faculty of pharmacy

E.mail: lamaalhaushey@yahoo.fr

Mobile: 0964513017

Scientific performances

2008: PhD Industrial Pharmacy, University Claude Bernard Lyon1 , Lyon, France
2003-2004: Master (DEA) of *Ingénierie Médicale et Biologique (IMB)*,
University Claude Bernard Lyon1, Lyon, France
2002-2003: *Maitrise des Sciences Biologiques et Medicales* MSBM, University
Claude Bernard Lyon1, Lyon, France
1998: Diplome in Pharmacy and Pharmaceutical Chemistry, Faculty of Pharmacy,
Tishreen University, Lattakia

Administrative experiences

2017-2018: Vice doyen for scientific affaires- Faculty of Pharmacy, Tishreen
University
2015-2017: Vice doyen for Administrative affaires- Faculty of Pharmacy,
Tishreen University
2010-2011: Vice doyen for Administrative affaires- Faculty of Pharmacy,
Tishreen University
1999-2001: chef of service of Sells at SAYDALAYA, , Lattakia

Publications

- 13- **AL HAUSHEY Lama.** Modification of lidocaine transdermal penetration by two strategies: microencapsulation and menthol addition to carbopol gels. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 41, No: 4, 2019.
- 14- **AL HAUSHEY Lama.** Evaluation of bioactivity of urease microencapsulated by double emulsion –solvent evaporation method: effect of some formulation and process parameters. *Tishreen University Journal for Research and Scientific Studies- Health Sciences Serie*, Vol 41, No: 1, 2019.
